Welcome

The Vendor Dashboard is your daily control room for SK Voyages trips. It helps you see today's spending, active and completed trips, supervisors, tickets, cancellation requests, wallet activity, invoices, and profile settings.

Good to know Your exact menu may look shorter if your account has limited permissions. That is normal. You only see the areas your vendor admin has allowed.

What the dashboard does

Shows live trip activity

See trips that are active now, completed trips, scheduled trips, and recent trip details.

Tracks money movement

Check today's spend, live hold amount, remaining wallet balance, credit usage, invoices, and ledger entries.

Helps your team respond

Open tickets, view cancellation requests, manage supervisors, and give team members the right permissions.

FAQ

Why do I not see all menu items?

Your account may be a team member account with limited permissions. Ask your vendor admin if you need access.

Why is money shown as a hold amount?

Live Hold Amount is money reserved for in-progress trips. It changes as trips complete or cancel.

Which trips appear in reports?

Reports focus on completed trips for the selected period, so pending or cancelled trips may not be included in totals.

Can I change invoice status?

Where allowed, pending or overdue invoices can be updated. Paid or voided invoices are usually not changed from the list.
